

GUIDING PRINCIPLES

FSC—1964

Freedom School Curriculum, Mississippi Summer Project

- The school promotes social change
- Students know their own history
- The curriculum is linked to the student's experience
- Questions are to be open-ended
- Academic skills are crucial

SFFS—2005

SF Freedom Summer Curriculum

- The school promotes social change
- Studying Civil Rights history helps us understand how social movements happen, i.e, how individual action and historical forces combine to create change. Thus, we can get ready to be ready.
- Each one teaches one: students leave the school inspired to educate others
- Questions are to be open-ended
- Problem-solving skills and dispositions are crucial
